

Bruce & Laurie Bach, Brussels. Bought in Bled

Although having lived in Europe for the past 20 years and having regularly visited Slovenia for over a decade, we couldn't have purchased our home without the exceptional help of Justin and Eva at Slovenia Estates.. Their knowledge of the legal and administrative hurdles (particularly for a non-Slovenian) was perfect, allowing them to speedily facilitate all of the necessary paperwork. From the acceptance of our offer to the final closing took less than 90 days and there was hardly a hiccup until we had the keys in our hands. From acquiring our tax numbers, checking all legal documents and right up to the notary session, Justin and Eva took care of each step and ensured we understood each part of the process. Their assistance was invaluable and we wouldn't have the beautiful home we have today without their help.
